Mr. Benjamin Evans  
Executive Secretary  
Central Intelligence Agency  
Room 7E13  
Washington, D. C. 20505

Dear Mr. Evans:

In mid-April, on the basis of reports from each of our Ambassadors, the Department of State transmitted to the White House updated statements of U.S. goals and objectives for those countries or organizations where we have official representation. These statements were prepared in coordination with other appropriate agencies. We also prepared one-page summaries of reports from the Ambassadors on steps they were taking to implement their goals and objectives.

The White House has now approved these papers. I am, therefore, forwarding to you a complete set of goals and implementation statements. These papers are also being distributed to other agencies, to bureaus within the Department of State, and to posts abroad.

The goals papers have already provided a basis for planning and a focus for U.S. Government efforts in specific countries and regions. With further refinement and updating, they can be of even greater utility. Periodic preparation and revision of these goals statements on an interagency basis will therefore be a continuing process, and we are currently considering additional steps necessary to move this process forward. We will be in touch with you when such steps have been determined and the process further defined.

Sincerely,

Peter Tarnoff  
Executive Secretary
